Fact or Fiction!?!?!?!?!?!?!?

Did a couple have to put a chain around a tree and attach it to their trailer when they left their children home to keep it from going into the creek?

The newsletters are produced and mailed at no cost to the Campground.

Any help you can give on the cost of mailing this newsletter would be appreciated.

Three Dogs at the Veterinarian's Office

Three dogs, a Doberman, a Boxer, and a Labrador are sitting in the waiting room at the vet's office when they strike up a conversation.

The Doberman turns to the Boxer and says, "So why are you here?"

"I'm a pisser," the Boxer replies, "I piss on everything. But, the final straw was last night, when I pissed in the middle of my owner's bed." "So, what is the vet going to do?" the Doberman asks.

"Lethal injection" came the sad reply from the Boxer. The Doberman then turns to the Labrador and asks, "Why are you here?"

"I'm a digger," said the Labrador. "I dig up everything, and when I'm inside, I did up carpets. But I went over the line when I dug a hole in my owner's couch." "So, what are they going to do to you?" asked the Doberman.

"Lethal injection" the dejected Labrador said.

"I'm a humper," said the Doberman. "I hump anything, but I couldn't help myself and my owner had just gotten out of the shower, so I hopped on her back and started humping away."

"So lethal injection for you too?" asked the Boxer and Labrador.

"No, no," the Doberman replied, "I'm here to be my nails clipped."

The Three Tests

J. B. walks into a bar, notices a very large jar on the counter, and sees that it's filled to the brim with \$10 bills. He guesses there must be more than ten thousand dollars in it. He approaches the bartender and asks, "What's with the money in the jar?"
 "Well, you pay \$10 and, if you pass three tests, you get all the money and the keys to a brand new Lexus." **J. B.** certainly isn't going to pass this up. So, he asks, "What are the three tests?"
 "You must pay first—those are the rules," says the bartender.
 So, after thinking it over a while, the man gives the bartender the \$10 and the bartender drops it into the jar.
 "Okay," says the bartender. "Here's what you need to do: First, you have to drink a whole quart of tequila, in a minute or less, and you can't make a face while doing it. Second, there's a pit bull chained in the back with a bad tooth. You have to remove that tooth with your bare hands. Third, there's a lady upstairs who has never had sex... You have to take care of that problem!" The man is stunned. "I know I paid my \$10 but you'd have to be nuts to drink a quart of tequila and do all those other things." "Your call," said the bartender, "but your money stays where it is."
 As time goes on, **J. B.** has a few more drinks and says, "Where's the tequila?" He grabs the bottle, and without making a face, drinks it in 58 seconds! Next, he staggers out the door and inside people hear growling, biting, and screaming...then he staggered back into the bar, bleeding all over his body and wiping the blood off the corner of his mouth **J. B.** says, "OK, now where's that woman with the bad tooth?"

The moral of the story:
 Listen carefully to the directions and don't trust your judgment after a few drinks!
